Office Phone Number: KRAN 402

Student Consultation Hours

Tuesday 2:30 pm - 4:00 pm

Additional Information

The best way to reach me is by scheduling an appointment through the [Office Hours link](#).

While email is appropriate for quick questions, I find that most meaningful conversations happen face-to-face. Because I work with a large number of students each semester, it can be difficult to fully understand your individual situation through email alone. If your question requires explanation, involves your performance, or is unique to your circumstances, I highly encourage you to schedule an appointment. I am genuinely happy

to find a time that works for you, even if my posted office hours conflict with your schedule.

I do not respond to emails on weekends or holydays, and I typically reply within 24-48 business hours during the work week. Since we meet three times each week and course schedules and deadlines are provided well in advance, I encourage you to plan accordingly whenever possible.

To help me respond more efficiently, please identify your course section in every email:

Subject: OBHR 330 – Section [10:30 / 11:30 / 12:30] – Brief Topic

Name: Teaching Assistant: Viviana Montealegre

Email: vmonteal@purdue.edu

Office Phone Number: KRAN 402

Student Consultation Hours

Not available

Course Description

Credit Hours: 3.00. This course investigates the impact that individuals, groups, and organizational structure have on behavior within organizations for the purpose of applying such knowledge toward improving an organization's effectiveness. Attention is given to such topics as motivation, leadership, group processes, organizational structure, technological innovation, and conflict management. Emphasis is placed on developing management skills and application of organizational behavior theories.

Course Learning Outcomes

By the end of the course, you will be able to:

1. Learn basic principles and concepts of organizational behavior.
2. Examine issues relating to the interaction between human beings and the organizational context within which they work.
3. Gain a better understanding of their own organizational behavior, both as an employee, team member and leader.

STUDENT LEARNING OUTCOMES

Upon successful completion of this course, students will be able to:

SLO1. Analyze how individual, group, and organizational factors interact to influence workplace behavior and organizational effectiveness.

SLO2. Evaluate how managerial decisions and behaviors influence employee performance, team effectiveness, and organizational outcomes.

SLO3. Develop evidence-based managerial recommendations by integrating Organizational Behavior theories, empirical evidence, and professional judgment to address workplace challenges.

SLO4. Assess the broader organizational and business implications of managerial decisions by integrating behavioral insights with organizational strategy and long-term organizational performance.

ENDURING COMPETENCIES

Competency	Purpose in the Course
Systems Thinking	Develop managers who understand organizations as dynamic systems in which individual behavior, team processes, leadership, and organizational structures interact to shape organizational effectiveness.
Managerial Judgment	Develop managers who thoughtfully evaluate the consequences of managerial decisions and recognize their impact on employees, teams, and organizational outcomes.
Evidence-Based Management	Develop managers who rely on empirical evidence, Organizational Behavior theory, and critical analysis rather than intuition alone when making managerial decisions.
Strategic & Integrative Thinking	Develop managers who connect human behavior to organizational performance and broader business success by continually asking, "So what are the implications?"

Teaching Philosophy

One of the greatest misconceptions about management is that leading people is simply a matter of common sense. If that were true, organizations would rarely struggle with poor leadership, low motivation, ineffective teams, or failed change initiatives.

This course is built on a different premise: *better management begins with better evidence*. Throughout the semester, you will learn to analyze organizational challenges, think critically, make decisions using research, data, and proven frameworks rather than intuition alone.

That is why this course emphasizes application over memorization. We will analyze real organizational situations, debate ideas, solve problems, challenge assumptions, and connect theory to practice. My role is not simply to teach Organizational Behavior, but to help you develop the mindset of a thoughtful manager, someone who asks better questions, evaluates evidence, and makes informed decisions.

Equally important is the learning environment we create together. I believe students learn best when they feel respected, supported, and comfortable sharing their ideas. I want every student to feel seen, valued, and safe to contribute. Your experiences, perspectives, and story are not distractions from learning, they are an essential part of it. While academic excellence is an important goal, I hope you always remember that your value extends far beyond any grade you earn in this course.

How to Succeed in this Course

After more than a decade of teaching, I have noticed that students who earn different grades often demonstrate different habits. These profiles are not grading rubrics, nor do they determine your grade. Instead, they describe patterns I have consistently observed over the years. The encouraging news is that every one of these behaviors is within your control.

A Tier - Student Profile

Characteristic	Typical Behaviors

Characteristic	Typical Behaviors
Communication	Communicates early, professionally, and proactively. Plans ahead, asks thoughtful questions, and seeks clarification before problems arise.
Professionalism	Treats the course like a professional commitment. Takes ownership of learning and consistently exceeds expectations.
Assignments	Submitted on time and reflect exceptional effort, preparation, and attention to detail.
Rubrics & Instructions	Carefully follows assignment instructions and grading rubrics. Rarely loses points for avoidable mistakes.
Participation	Regularly contributes to discussions, asks questions, and enhances the learning of others.
Engagement	Present both physically and intellectually. Arrives prepared, focused, and actively involved.
Citizenship	Helps create a respectful, collaborative, and positive classroom environment.
Growth Mindset	Welcomes feedback and consistently uses it to improve future performance.

B Tier Student Profile

Characteristic	Typical Behaviors
Communication	Communicates appropriately but sometimes waits longer than ideal to seek help.
Professionalism	Dependable and responsible, though occasionally inconsistent.

Characteristic	Typical Behaviors
Assignments	Submitted on time with good quality, although effort and attention to detail may vary.
Rubrics & Instructions	Follows most expectations but occasionally overlooks important details.
Participation	Participates regularly but is sometimes passive during discussions and activities.
Engagement	Usually prepared and engaged, although focus occasionally fluctuates.
Citizenship	Respectful, collaborative, and contributes positively to the classroom community.
Growth Mindset	Reads feedback and applies it inconsistently.

C Tier Student Profile

Characteristic	Typical Behaviors
Communication	Often waits until problems arise before reaching out.
Professionalism	Meets minimum expectations but demonstrates inconsistent commitment.
Assignments	Frequently completed close to the deadline and lack refinement.
Rubrics & Instructions	Misses points because instructions or grading criteria were not followed carefully.
Participation	Participates primarily when required rather than by choice.

Characteristic	Typical Behaviors
Engagement	Physically present but not consistently mentally engaged.
Citizenship	Respectful but contributes little to the classroom learning environment.
Growth Mindset	Views feedback as justification for a grade rather than an opportunity to improve.

Student Who Struggles to Pass

Characteristic	Typical Behaviors
Communication	Rarely communicates until after deadlines or significant problems have occurred.
Professionalism	Demonstrates inconsistent responsibility and limited ownership of learning.
Assignments	Frequently late, incomplete, or missing.
Rubrics & Instructions	Often ignores assignment instructions and grading criteria.
Participation	Rarely contributes to class activities or discussions.
Engagement	Frequently absent physically, mentally, or both.
Citizenship	Behaviors may negatively affect their own learning or the learning of others.
Growth Mindset	Makes few adjustments despite receiving feedback and often relies on last-minute effort rather than consistent improvement.

***Notice:** None of these profiles describe intelligence or ability. They describe habits. Habits can change, and throughout the semester, I hope to help every student develop the behaviors associated with long-term academic and professional success.*

Learning Resources, Technology & Texts

Organizational Behavior

Publisher: Pearson
Edition: 20th
Brightspace learning management system (LMS)

Access the course via Purdue's Brightspace learning management system. It is strongly suggested that you explore and become familiar not only with the site navigation, but also with the content and resources available for this course. See the Student Services widget in Brightspace for Technology Resources, Academic Resources, Campus Resources, and Health and Well-Being Resources.

Assignments

Assessment in this course is designed to measure more than content knowledge. Throughout the semester, you will demonstrate your ability to prepare for class, apply Organizational Behavior concepts to authentic managerial challenges, think critically, communicate professionally, and make evidence-based decisions. Each assessment serves a distinct purpose within the learning process and contributes to your overall development.

Learning Experience	When	Points	Weight	Purpose

Learning Experience	When	Points	Weight	Purpose
PREPARATION <i>Active Reading</i> <i>Assignments</i> <i>(Pearson MyLab)</i>	Before class Weekly (Before each theme)	110	21.15%	Build foundational knowledge through assigned readings and interactive learning activities.
APPLICATION OB Labs	In Class Weekly (Wednesdays)*	110	21.15%	Apply concepts through experiential learning, business cases, simulations, and collaborative activities.
Exam 1	October 07	100	19.23%	Assess individual understanding of the first course module.
Exam 2	November 18	100	19.23%	Assess individual understanding of the second course module.
Comprehensive Final Exam	December 14	100	19.23%	Evaluate the integration and application of concepts across the semester.
Total		520	100%	

**OB Labs and Studio Prep are scheduled weekly except during the first week of class and Purdue's Quiet Period.*

LATE SUBMISSION POLICY

Late assignments are accepted; however, they are subject to the penalties outlined below. Please note that an approved extension is not considered late work. Extensions must be requested and approved before the assignment deadline. Assignments submitted after the original due date without a previously approved extension will be subject to the late submission policy.

Submission Time	Maximum Grade Possible
On or before the deadline	100%
Up to 24 hours late	75%
24–48 hours late	50%
48–72 hours late	25%
More than 72 hours late	0%

IMPORTANT NOTES

- **Communicate early.** If circumstances beyond your control may prevent you from meeting a deadline, please contact me **before the assignment is due**. Extension requests will be considered on an individual basis.
- **Submit the assignment anyway.** Even if your assignment receives a reduced grade—or no course credit—I strongly encourage you to complete and submit it. Every assignment has been intentionally designed to support your learning and prepare you for future course content.
- **Professional communication matters.** Learning to communicate proactively when challenges arise is an important professional skill and an expectation in this course.

EXAMS – 300 POINTS

The course includes **two midterm examinations** and **one comprehensive final examination**. Each examination is worth **100 points** and is designed to assess your individual understanding of Organizational Behavior concepts and your ability to analyze organizational situations using evidence-based managerial frameworks.

Exams	Date	Time	Duration	Location	Coverage	Points
Exam I	Wednesday, October 7, 2026	8:00 p.m.	60 minutes	UC 114	Pillar 1 – The Individual	100
Exam II	Wednesday, November 18, 2026	8:00 p.m.	60 minutes	ARMS B061 & HAMP 1144	Pillar 2 – The Group	100
Final Exam	Finals Week	Normal Class time and class location.	45 minutes	Classroom	Comprehensive examination covering all course content, with primary emphasis on Pillar 3 – The Structure and the integration of concepts across the course.	100

GENERAL EXAMINATION INFORMATION

- All examinations are **individual assessments**.
- Unless otherwise specified, **books, notes, electronic devices, smartwatches, and Artificial Intelligence (AI) tools are not permitted** during examinations.
- Students are expected to arrive **10 minutes before** the scheduled start time. Once an examination has begun students will not be allowed to take the exam.
- Additional information regarding the examination format, permitted materials, testing procedures, and study resources will be communicated through **Brightspace** before each examination.
- **Need support?** If circumstances arise that may affect your ability to complete an examination as scheduled, please communicate with me as early as possible. My goal is to support your success whenever I can. Each situation will be considered individually, and I will do my best to provide reasonable accommodations while maintaining fairness for all students and upholding Purdue University policies.
- Make-up examinations are granted only in accordance with the course policies and applicable Purdue University regulations. Students requesting a make-up examination should contact the instructor as soon as reasonably possible.

Grading Scale

GRADING SCALE

Your final course grade reflects your overall achievement throughout the semester. As described in the Assessment & Grading section, you will accumulate points through Active Reading Assignments, OB Labs, and examinations. At the end of the semester, your total points earned (out of **520**) will determine your final letter grade according to the scale below. Final grades are based on the total number of points earned and are **not rounded**.

Letter Grade	Percentage	Points (520 Total)
A+*	97.0–100%	505–520
A	93.0–96.99%	484–504
A–	90.0–92.99%	468–483
B+	87.0–89.99%	453–467
B	83.0–86.99%	432–452
B–	80.0–82.99%	416–431
C+	77.0–79.99%	401–415
C	73.0–76.99%	380–400
C–	70.0–72.99%	364–379
D+	67.0–69.99%	349–363

Letter Grade	Percentage	Points (520 Total)
D	63.0–66.99%	328–348
D–	60.0–62.99%	312–327

Grades and Grade Reports

GRADING PHILOSOPHY & FEEDBACK

As your professor, I view grades as one way to measure your progress throughout this course. They provide valuable feedback about your understanding of Organizational Behavior concepts, your ability to apply evidence-based frameworks, and your growth as a critical thinker and future manager. At the same time, I recognize that you are far more than a grade earned in one course during one semester.

I also recognize that grades matter. Your GPA can influence scholarships, internships, graduate school applications, and many other opportunities throughout your academic journey. For that reason, I approach grading with fairness, consistency, and professionalism, and I am committed to communicating expectations clearly and evaluating every student using the same standards.

The assessment structure in this course is intentional. I believe meaningful learning happens when students **prepare, practice, and perform**. Preparation begins before class through the assigned readings and learning activities in Pearson MyLab. Practice occurs through our weekly OB Labs, where you will apply concepts to authentic organizational challenges. Finally, you will perform by demonstrating your individual understanding through course examinations.

To support your learning, I am committed to providing timely feedback throughout the semester. Because this course is organized into three instructional pillars, my goal is to ensure that all grades associated with each pillar are available in Brightspace by the conclusion of that pillar.

Instructional Pillar	Course Dates	Feedback Commitment
Part 1 – The Individual	August 24 – October 16	All grades associated with this pillar will be available in Brightspace by October 18, 2026 .
Part 2 – The Group	October 19 – November 20	All grades associated with this pillar will be available in Brightspace by November 22, 2026 .
Part 3 – The Structure	November 23 – December 14	Remaining course grades will be posted throughout the pillar, and final grades will be submitted according to Purdue University's grading deadlines.

Attendance Policy

Regular attendance is essential to your success in this course. Attendance is recorded using iClicker at the beginning of each class meeting. It is your responsibility to bring a device capable of accessing iClicker and to ensure that you are logged into the correct course during every class.

Failure to check in through iClicker will be recorded as an absence. If you believe your attendance was recorded incorrectly, you must notify the course TA, Viviana, by email within 24 hours of the class meeting. Attendance discrepancies reported after this deadline will not be reviewed.

Students may miss up to 8 class meetings during the semester without penalty and without notifying the instructor. Beginning with the 9th absence, your final course grade will be adjusted according to the table below.

Total Absences	Final Grade Adjustment	Example
0–8	No penalty	A → A, B+ → B+, C → C
9–10	One full letter grade reduction	A → B, A- → B-, B+ → C+, B → C
11–12	Two full letter grade reductions	A → C, A- → C-, B+ → D+, B → D
13–14	Three full letter grade reductions	A → D, A- → D-, B+ → F, B → F
15 or more	Failure of the course	Final course grade = F

University-approved absences coordinated through the Office of the Dean of Students (ODOS) will be accommodated in accordance with Purdue University policy.

Course Schedule

Part 1 The Individual

Driving Question:

How do individual differences shape behavior, decision-making, and performance in organizations?

Learning Outcomes:

- Analyze how individual factors influence workplace behavior and organizational effectiveness.
- Evaluate how managerial decisions influence employee performance and individual outcomes.
- Develop evidence-based managerial recommendations to address workplace challenges involving individuals.

Timeline: August 24 to October 7

Chapters: Chapters 1 - 8

Week 1

What Is Organizational Behavior

Chapter 1

Setting Yourself Up for Success

Due This Week: No graded work due this week.

OB Studio Monday, Aug 24	OB Lab Wednesday, Aug 26	OB Forums Friday, Aug 28
BEFORE CLASS Read the course syllabus. Purchase and activate Pearson MyLab. Verify that you can access Brightspace. IN CLASS Course kickoff Course philosophy & expectations Meet your instructor and classmates Getting started with OB330	BEFORE CLASS Familiarize yourself with the exercise. Details are posted in Brightspace. IN CLASS Students work in teams to complete the weekly experiential learning activity. Instructions are posted in Brightspace one week in advance; however, all work is completed during class.	BEFORE CLASS Review this week's concepts and come prepared with one question, one insight, or one real-world example to discuss. IN CLASS Wrap up by reviewing the frameworks and concepts from the week, then go deeper into the ideas and reflections raised in the chapter.

Week 2

Diversity & Inclusion

Chapter 2

What Is Organizational Behavior, Really?

Due This Week: Active Reading due Sunday, Aug 30. · OB Lab due Wednesday, Sep 2, in class.

OB Studio <i>Monday, Aug 31</i>	OB Lab <i>Wednesday, Sep 2</i>	OB Forums <i>Friday, Sep 4</i>
BEFORE CLASS Preparation Activity (10 points):Complete the Chapter 2 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore the evidence-based foundations of diversity and inclusion in organizations. Together, we will examine how diversity influences individual behavior, team effectiveness, decision-making, and organizational performance while challenging common misconceptions through research and discussion.	BEFORE CLASS Review the OB Lab instructions posted in Brightspace. No work is required before class; all activities will be completed during the scheduled class period. IN CLASS Experiential Learning: Work collaboratively with your team to apply this week's Organizational Behavior concepts through an experiential learning activity. Activities may include case analyses, simulations, debates, AI projects, or other applied learning experiences. The activity is worth 10 points and is completed entirely during class.	BEFORE CLASS Review this week's concepts and come prepared with one question, one insight, or one real-world example to discuss. IN CLASS Flipped Classroom: We will engage in interactive learning activities designed to review, reinforce, and apply the week's most important concepts. Through discussions, polls, scenarios, and collaborative exercises, we will connect research to managerial practice and strengthen your understanding of the material.

Week 3
Job Attitudes
Chapter 3

What Makes People Love (or Leave) Their Jobs?

Due This Week: Active Reading due Tuesday, Sep 8 (Labor Day shifts the schedule).
· OB Lab due Wednesday, Sep 9, in class.

OB Studio <i>Monday, Sep 7</i>	OB Lab <i>Wednesday, Sep 9</i>	OB Forums <i>Friday, Sep 11</i>
Labor Day: No Class	BEFORE CLASS Review the OB Lab instructions posted in Brightspace. No work is required before class; all activities will be completed during the scheduled class period. IN CLASS Experiential Learning: Work collaboratively with your team to apply this week's Organizational Behavior concepts through an experiential learning activity. Activities may include case analyses, simulations, debates, AI projects, or other applied learning experiences. The activity is worth 10 points and is completed entirely during class.	BEFORE CLASS Review this week's concepts and come prepared with one question, one insight, or one real-world example to discuss. IN CLASS Flipped Classroom: We will engage in interactive learning activities designed to review, reinforce, and apply the week's most important concepts. Through discussions, polls, scenarios, and collaborative exercises, we will connect research to managerial practice and strengthen your understanding of the material.

Week 4

Emotion, Mood, and Personality

Chapters 4 & 5

Why Do People Think and Feel So Differently?

Due This Week: Active Reading due before Monday's class. · OB Lab (10 points) completed in class Wednesday; no separate submission.

OB Studio <i>Monday, Sep 14</i>	OB Lab <i>Wednesday, Sep 16</i>	OB Forums <i>Friday, Sep 18</i>
BEFORE CLASS Preparation Activity (10 points): Complete the Chapters 4 & 5 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore how personality, emotions, moods, and individual differences influence workplace behavior, relationships, decision-making, and performance. Together, we will examine how effective managers leverage self-awareness to better understand, motivate, and lead others.	BEFORE CLASS Review the OB Lab instructions posted in Brightspace. No work is required before class; all activities will be completed during the scheduled class period. IN CLASS Experiential Learning: Complete a validated personality assessment and interpret your results through the lens of Organizational Behavior, then work collaboratively with your team to interpret and apply the results using Organizational Behavior concepts. The activity is worth 10 points, is completed entirely during class, and no additional work is required after class.	BEFORE CLASS Review this week's concepts and come prepared with one question, one insight, or one real-world example to discuss. IN CLASS Flipped Classroom: Using a flipped classroom approach, we will review and reinforce this week's most important concepts through interactive learning activities, discussions, polling, and real-world applications. Together, we will connect Organizational Behavior theory to managerial practice while strengthening your understanding of the material.

Week 5

Decision Making Process

Chapter 6

Why Do Smart People Make Bad Decisions?

Due This Week: Active Reading due before Monday's class. · OB Lab (10 points) completed in class Wednesday; no separate submission.

OB Studio <i>Monday, Sep 21</i>	OB Lab <i>Wednesday, Sep 23</i>	OB Forums <i>Friday, Sep 25</i>
BEFORE CLASS Preparation Activity (10 points):Complete the Chapter 6 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore how managers make decisions and why judgment is often influenced by biases, heuristics, and intuition. Together, we will examine evidence-based decision-making strategies that improve managerial effectiveness and organizational outcomes.	BEFORE CLASS Review the OB Lab instructions posted in Brightspace. No work is required before class; all activities will be completed during the scheduled class period. IN CLASS Experiential Learning: Work collaboratively with your team to apply this week's decision-making concepts through an experiential learning activity. The activity is worth 10 points, is completed entirely during class, and no additional work is required after class.	BEFORE CLASS Review this week's concepts and come prepared with one question, one insight, or one real-world example to discuss. IN CLASS Flipped Classroom: Using a flipped classroom approach, we will review and reinforce this week's most important concepts through interactive learning activities, discussions, polling, and real-world applications. Together, we will connect Organizational Behavior theory to managerial practice while strengthening your understanding of the material.

Week 6

Motivation

Chapters 7 & 8

Why Do People Work Harder Than Others?

Due This Week: Active Reading due before Monday's class. · OB Lab (10 points) completed in class Wednesday.

OB Studio <i>Monday, Sep 28</i>	OB Lab <i>Wednesday, Sep 30</i>	OB Forums <i>Friday, Oct 2</i>
BEFORE CLASS Preparation Activity (10 points): Complete the Chapters 7 & 8 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore what drives people to initiate, direct, and sustain effort at work. Together, we will examine major theories of motivation and how managers can apply them through goals, rewards, job design, and meaningful work to support employee performance and engagement.	IN CLASS OB Lab (10 points): Apply motivation theories to a realistic workplace challenge. Working with your team, you will analyze what is driving employee behavior and use evidence-based motivation principles to develop practical managerial recommendations. STUDENTS SHOULD Review the OB Lab instructions in Brightspace before class and come prepared to participate. The activity will be completed during class; no separate submission is required unless otherwise indicated.	BEFORE CLASS Review this week's concepts and come prepared with one question, one insight, or one real-world example to discuss. IN CLASS Flipped Classroom: We will engage in interactive learning activities designed to review, reinforce, and apply the week's most important concepts. Through discussions, polls, scenarios, and collaborative exercises, we will connect research to managerial practice and strengthen your understanding of the material.

Week 7

Part 1 Review & Exam I

Chapters 1 to 8

Bringing Part 1 Together

Due This Week: Evening Exam I Wednesday, 8:00 PM, UC 114.

OB Studio <i>Monday, Oct 5</i>	Exam I <i>Wednesday, Oct 7</i>	OB Forums <i>Friday, Oct 9</i>
IN CLASS Topic 1 Review and Exam Prep	IN CLASS Topic 1 Review and Exam Prep STUDENTS SHOULD Exam I , 8:00 PM, UC 114.	No Class

Part 2

The Group

Driving Question:

How do people influence one another, and what makes groups effective?

Objectives: Understand how group dynamics shape behavior; examine how communication, leadership, power, and conflict influence groups; apply evidence-based OB concepts to improve group and team effectiveness.

Learning Outcomes:

- Analyze interactions among individual, group, and organizational factors affecting behavior and effectiveness.
- Evaluate how managerial decisions and behaviors influence employee performance, team effectiveness, and organizational outcomes.

- Develop evidence-based managerial recommendations integrating OB theory, empirical evidence, and judgment.

Timeline: October 12 to November 20

Chapters: Chapters 9, 10, 12, 13, 14

Week 8

Foundations of Group Behavior

Chapter 9

How Do Groups Shape the Way People Behave?

Due This Week: Active Reading due before Wednesday's class (Monday is Fall Break). · OB Lab (10 points) completed in class Wednesday. Part II opens this week.

OB Studio <i>Monday, Oct 12</i>	OB Lab <i>Wednesday, Oct 14</i>	OB Forums <i>Friday, Oct 16</i>
Fall Break: No Class	BEFORE CLASS Preparation Activity (10 points): Complete the Chapter 9 Active Reading in Pearson MyLab before class. IN CLASS Part II Introduction + OB Lab (10 points): Begin Part II: The Group by exploring what changes when individuals become part of a group. We will examine how roles, norms, status, cohesion, and group dynamics shape behavior and performance, then apply these concepts through an interactive OB Lab.	BEFORE CLASS Review this week's concepts and come prepared with one question, one insight, or one real-world example to discuss. IN CLASS Flipped Classroom: We will engage in interactive learning activities designed to review, reinforce, and apply the week's most important concepts. Through discussions, polls, scenarios, and collaborative exercises, we will connect research to managerial practice and strengthen your understanding of the material.

Week 9

Understanding Work Teams

Chapter 10

What Makes a Team Effective?

Due This Week: Active Reading due before Monday's class. · OB Lab (10 points) completed in class Wednesday.

OB Studio <i>Monday, Oct 19</i>	OB Lab <i>Wednesday, Oct 21</i>	OB Forums <i>Friday, Oct 23</i>
BEFORE CLASS Preparation Activity (10 points): Complete the Chapter 10 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore what distinguishes a team from a group and why some teams perform better than others. Together, we will examine how team composition, roles, processes, trust, and context shape team effectiveness and identify what managers can do to build and support high-performing teams.	IN CLASS OB Lab (10 points): Put teamwork into practice through a team-based challenge. Working under time and resource constraints, your team will complete a shared task and then analyze its performance using concepts from Chapter 10. STUDENTS SHOULD Review the OB Lab instructions in Brightspace before class and come prepared to participate. No separate submission is required.	IN CLASS Flipped Classroom: Review and reinforce the most important concepts from Chapter 10 through interactive activities, discussion, and application. STUDENTS SHOULD Come prepared to participate, discuss, and apply the concepts introduced throughout the week.

Week 10 Leadership

Chapter 12

What Makes Someone an Effective Leader?

Due This Week: Active Reading due before Monday's class. · OB Lab (10 points) completed in class Wednesday.

OB Studio <i>Monday, Oct 26</i>	OB Lab <i>Wednesday, Oct 28</i>	OB Forums <i>Friday, Oct 30</i>
BEFORE CLASS Preparation Activity (10 points): Complete the Chapter 12 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore what makes leadership effective and why different situations may require different approaches. Together, we will examine major leadership theories and consider how leaders influence, motivate, and guide others toward shared goals.	IN CLASS OB Lab (10 points): Apply leadership concepts to a workplace challenge through an interactive, experiential activity. STUDENTS SHOULD Review the OB Lab instructions in Brightspace before class and come prepared to participate. No separate submission is required.	IN CLASS Flipped Classroom: Review and reinforce the most important concepts from Chapter 12 through interactive activities, discussion, and application. STUDENTS SHOULD Come prepared to participate, discuss, and apply the concepts introduced throughout the week.

Week 11

Power and Politics

Chapter 13

How Do Power and Politics Shape Behavior at Work?

Due This Week: Active Reading due before Monday's class. · OB Lab (10 points) completed in class Wednesday.

OB Studio <i>Monday, Nov 2</i>	OB Lab <i>Wednesday, Nov 4</i>	OB Forums <i>Friday, Nov 6</i>
BEFORE CLASS Preparation Activity (10 points): Complete the Chapter 13 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore how power and influence operate within organizations. Together, we will examine sources of power, influence tactics, organizational politics, and how managers can navigate power dynamics effectively and ethically.	IN CLASS OB Lab (10 points): Apply concepts of power, influence, and organizational politics to a workplace challenge through an interactive, experiential activity. STUDENTS SHOULD Review the OB Lab instructions in Brightspace before class and come prepared to participate. No separate submission is required.	IN CLASS Flipped Classroom: Review and reinforce the most important concepts from Chapter 13 through interactive activities, discussion, and application. STUDENTS SHOULD Come prepared to participate, discuss, and apply the concepts introduced throughout the week.

Week 12

Conflict and Negotiations

Chapter 14

How Can Managers Navigate Conflict and Negotiate Effectively?

Due This Week: Active Reading due before Monday's class. · OB Lab (10 points) completed in class Wednesday.

OB Studio <i>Monday, Nov 9</i>	OB Lab <i>Wednesday, Nov 11</i>	OB Forums <i>Friday, Nov 13</i>
BEFORE CLASS Preparation Activity (10 points): Complete the Chapter 14 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore why conflict emerges in organizations and when it can help or harm performance. Together, we will examine conflict processes, conflict-management strategies, and negotiation principles that help managers navigate disagreements and reach effective outcomes.	IN CLASS OB Lab (10 points): Apply conflict management and negotiation concepts to a workplace challenge through an interactive, experiential activity. STUDENTS SHOULD Review the OB Lab instructions in Brightspace before class and come prepared to participate. No separate submission is required.	IN CLASS Flipped Classroom: Review and reinforce the most important concepts from Chapter 14 through interactive activities, discussion, and application. STUDENTS SHOULD Come prepared to participate, discuss, and apply the concepts introduced throughout the week.

Week 13

Part 2 Review & Exam 2

Chapters 9, 10, 12, 13, 14

Bringing Part 2 Together

Due This Week: Evening Exam 2 Wednesday, 8:00 PM.

OB Studio <i>Monday, Nov 16</i>	Exam 2 <i>Wednesday, Nov 18</i>	OB Forums <i>Friday, Nov 20</i>
IN CLASS Topic 2 Review and Exam Prep	Exam 2 , 8:00 PM. No class	IN CLASS Flipped Classroom: Debrief Exam 2 and review Part 2 concepts as a bridge into Part 3. STUDENTS SHOULD Come prepared to participate, discuss, and apply the concepts introduced throughout Part 2.

Part 3 The Structure

Driving Question:

How do organizational systems and structures shape how people behave and perform?

Objectives: Examine how organizational structure and culture influence behavior and effectiveness. Analyze how organizations manage change and how managerial decisions shape organizational outcomes.

Learning Outcomes:

- Analyze interactions among individual, group, and organizational factors affecting behavior and effectiveness.
- Evaluate how managerial decisions and behaviors influence employee performance, team effectiveness, and organizational outcomes.
- Develop evidence-based managerial recommendations integrating OB theory, empirical evidence, and judgment.
- Critically evaluate broader business implications of managerial decisions linking behavior to performance and long-term success.

Timeline: November 23 to December 11

Chapters: Chapters 15, 16

Week 14

Due This Week: Rest!

OB Studio <i>Monday, Nov 23</i>	OB Lab <i>Wednesday, Nov 25</i>	OB Forums <i>Friday, Nov 27</i>
BEFORE CLASS No synchronous class meets today. Chapter 15 reading.	Thanksgiving: No Class	Thanksgiving: No Class

Week 15

Organizational Culture and Change

Foundations of Organizational Structure

Chapter 15

How Does Organizational Structure Shape the Way People Work?

Chapter 16

How Does Culture Shape Organizations, and How Can It Change?

Due This Week: Active Reading due before Monday's class. · OB Lab (10 points) completed in class Wednesday.

OB Studio <i>Monday, Nov 30</i>	OB Lab <i>Wednesday, Dec 2</i>	OB Forums <i>Friday, Dec 4</i>
BEFORE CLASS Preparation Activity (10 points): Complete the Chapter 16 Active Reading in Pearson MyLab before class. IN CLASS Lecture: Explore how organizational culture develops, is maintained, and shapes behavior at work. Together, we will examine how culture influences employees and organizational outcomes and consider how managers can navigate and support organizational change.	IN CLASS OB Lab (10 points): Apply organizational culture and change concepts to a workplace challenge through an interactive, experiential activity. STUDENTS SHOULD Review the OB Lab instructions in Brightspace before class and come prepared to participate. No separate submission is required.	IN CLASS Flipped Classroom: Review and reinforce the most important concepts from Chapter 16 through interactive activities, discussion, and application. STUDENTS SHOULD Come prepared to participate, discuss, and apply the concepts introduced throughout the week.

Week 16

Course Review

Final Week

Bringing It All Together: Individual, Group, and Structure

Quiet Week: No new reading. OB Lab is Final Exam Prep; no separate submission.

OB Studio <i>Monday, Dec 7</i>	OB Lab <i>Wednesday, Dec 9</i>	OB Forums <i>Friday, Dec 11</i>
Course Review and debrief	Exam Prep	No Class

Final Exam - In class December 14 - class time

Course Logistics

Course Calendar

(simplified version)

Course Calendar		
PART 1 - THE INDIVIDUAL		
WEEK 1 • What Is Organizational Behavior <i>(Chapter 1)</i> <i>Setting yourself up for success in OB330.</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Aug 24	OB Studio - Course kickoff - philosophy, expectations, meet the class.	-
Wed, Aug 26	OB Lab - Team intro exercise (instructions posted in Brightspace).	-
Fri, Aug 28	OB Forums - Wrap-up: review the week's frameworks and reflections.	-
WEEK 2 • Diversity & Inclusion <i>(Chapter 2)</i> <i>What is Organizational Behavior, really?</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Aug 31	OB Studio - Lecture: evidence-based foundations of diversity and inclusion.	Active Reading due (10)
Wed, Sep 2	OB Lab - Experiential learning: apply diversity concepts in teams.	OB Lab (10)

Course Calendar

Fri, Sep 4	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 3 • Job Attitudes <i>(Chapter 3)</i> <i>What makes people love (or leave) their jobs?</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Sep 7	<i>Labor Day - no class.</i>	-
Tue, Sep 8	Active Reading due before Wednesday's class.	Active Reading due (10)
Wed, Sep 9	OB Lab - Experiential learning: apply the week's concepts in teams.	OB Lab (10)
Fri, Sep 11	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 4 • Emotion, Mood & Personality <i>(Chapters 4 & 5)</i> <i>Why do people think and feel so differently?</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Sep 14	OB Studio - Lecture: personality, emotions, moods, and individual differences.	Active Reading due (10)
Wed, Sep 16	OB Lab - Personality assessment, interpreted individually and as a team.	OB Lab (10)
Fri, Sep 18	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 5 • Decision Making <i>(Chapter 6)</i> <i>Why do smart people make bad decisions?</i>		
DATE	SESSION / ACTIVITY	DUE

Course Calendar

Mon, Sep 21	OB Studio - Lecture: biases, heuristics, and evidence-based decision strategies.	Active Reading due (10)
Wed, Sep 23	OB Lab - Experiential learning: apply decision-making concepts in teams.	OB Lab (10)
Fri, Sep 25	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 6 • Motivation (<i>Chapters 7 & 8</i>) <i>Why do people work harder than others?</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Sep 28	OB Studio - Lecture: theories of motivation - goals, rewards, job design.	Active Reading due (10)
Wed, Sep 30	OB Lab - Apply motivation theories to a realistic workplace challenge.	OB Lab (10)
Fri, Oct 2	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 7 • Part 1 Review & Exam I (<i>Chapters 1-8</i>) <i>Bringing Part 1 together.</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Oct 5	OB Studio - Topic 1 review and exam prep.	-
Wed, Oct 7	Exam I - UC 114, 8:00 PM, 60 minutes.	Exam I (100)
<i>Fri, Oct 9</i>	<i>No class.</i>	-
PART 2 - THE GROUP		

Course Calendar

WEEK 8 • Foundations of Group Behavior *(Chapter 9)*

How do groups shape the way people behave?

DATE	SESSION / ACTIVITY	DUE
Mon, Oct 12	Fall Break - no class.	-
Wed, Oct 14	OB Lab - Part II opens: roles, norms, status, and group dynamics.	Active Reading (10) • OB Lab (10)
Fri, Oct 16	OB Forums - Flipped classroom: review and apply the week's concepts.	-

WEEK 9 • Understanding Work Teams *(Chapter 10)*

What makes a team effective?

DATE	SESSION / ACTIVITY	DUE
Mon, Oct 19	OB Studio - Lecture: team composition, roles, processes, and trust.	Active Reading due (10)
Wed, Oct 21	OB Lab - Team-based challenge under time and resource constraints.	OB Lab (10)
Fri, Oct 23	OB Forums - Flipped classroom: review and apply the week's concepts.	-

WEEK 10 • Leadership *(Chapter 12)*

What makes someone an effective leader?

DATE	SESSION / ACTIVITY	DUE
Mon, Oct 26	OB Studio - Lecture: leadership theories and situational approaches.	Active Reading due (10)
Wed, Oct 28	OB Lab - Apply leadership concepts to a workplace challenge.	OB Lab (10)

Course Calendar

Fri, Oct 30	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 11 • Power and Politics <i>(Chapter 13)</i> <i>How do power and politics shape behavior at work?</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Nov 2	OB Studio - Lecture: sources of power, influence tactics, organizational politics.	Active Reading due (10)
Wed, Nov 4	OB Lab - Apply power and influence concepts to a workplace challenge.	OB Lab (10)
Fri, Nov 6	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 12 • Conflict and Negotiations <i>(Chapter 14)</i> <i>How can managers navigate conflict and negotiate effectively?</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Nov 9	OB Studio - Lecture: conflict processes and negotiation principles.	Active Reading due (10)
Wed, Nov 11	OB Lab - Apply conflict management and negotiation concepts.	OB Lab (10)
Fri, Nov 13	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 13 • Part 2 Review & Exam 2 <i>(Chapters 9, 10, 12-14)</i> <i>Bringing Part 2 together.</i>		
DATE	SESSION / ACTIVITY	DUE

Course Calendar

Mon, Nov 16	OB Studio - Topic 2 review and exam prep.	-
Wed, Nov 18	Exam 2 - ARMS Bo61 & HAMP 1144, 8:00 PM, 60 minutes.	Exam 2 (100)
Fri, Nov 20	OB Forums - Debrief Exam 2; bridge into Part 3.	-
PART 3 - THE STRUCTURE		
WEEK 14 • Foundations of Organizational Structure <i>(Chapter 15)</i> <i>How does organizational structure shape the way people work?</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Nov 23	No synchronous class; Active Reading due independently.	Recommended (not graded)
<i>Wed, Nov 25</i>	<i>Thanksgiving - no class.</i>	-
<i>Fri, Nov 27</i>	<i>Thanksgiving - no class.</i>	-
WEEK 15 • Organizational Culture and Change <i>(Chapter 16)</i> <i>How does culture shape organizations, and how can it change?</i>		
DATE	SESSION / ACTIVITY	DUE
Mon, Nov 30	OB Studio - Lecture: how culture develops, is maintained, and shapes behavior.	Active Reading due (10)
Wed, Dec 2	OB Lab - Apply culture and change concepts to a workplace challenge.	OB Lab (10)
Fri, Dec 4	OB Forums - Flipped classroom: review and apply the week's concepts.	-
WEEK 16 • Course Review <i>(Final Week)</i> <i>Bringing it all together: Individual, Group, and Structure.</i>		

Course Calendar

DATE	SESSION / ACTIVITY	DUE
Mon, Dec 7	OB Studio - Course review and debrief.	-
Wed, Dec 9	OB Lab - Final Exam prep; no separate submission.	-
<i>Fri, Dec 11</i>	<i>No class.</i>	-
Mon, Dec 14	Final Exam - In class, comprehensive, primary emphasis on Part 3.	Final Exam (100)

Every Active Reading and OB Lab is worth 10 points. Exams are worth 100 points each. Course total: 520 po

Academic Integrity

Academic integrity means that the work you submit represents your own learning, thinking, and effort, while appropriately acknowledging ideas, information, and contributions that come from others. In this course, academic integrity is more than a university requirement. It reflects the accountability, ethical judgment, and professional conduct expected of future managers and leaders.

What I Expect From You

You are expected to:

- **Submit your own work** unless collaboration is explicitly permitted.
- **Give appropriate credit** when using another person's ideas, words, data, or materials.
- **Follow the instructions for each assessment**, including what resources and forms of collaboration are permitted.
- **Participate honestly** in individual, group, and experiential activities.
- **Never obtain, share, purchase, or distribute unauthorized answers or course materials**, including materials available through commercial websites or online repositories.
- **Ask when you are unsure.** If you do not know whether something is permitted, ask before using it.

Exams

Instructions for exams and other assessments will specify what resources and forms of assistance are permitted.

Unless explicitly authorized, **do not assume that notes, phones, websites, outside assistance, previously distributed answers, or collaboration with another person are allowed.**

Academic Misconduct = Zero

Academic integrity is a firm expectation in this course. If you engage in cheating or other forms of academic misconduct, you will receive a grade of zero (0) on the affected assignment, activity, or exam.

Incidents resulting in an academic penalty will be reported to Purdue University's **Office of Student Rights and Responsibilities (OSRR)** in accordance with University procedures.

Serious or repeated violations may result in additional consequences, including **a failing grade for the course** and further University sanctions as determined through the University's academic integrity process.

When in Doubt, Ask.

If you are uncertain whether something is permitted, **ask before you act.** It is always better to clarify expectations before submitting your work.

Academic integrity protects the value of **your learning, your classmates' work, and your Purdue degree.**

AI Policy

Artificial Intelligence (AI) is transforming the way organizations operate and the way managers make decisions. Learning how to use AI effectively, responsibly, and ethically is therefore an essential professional competency and an important learning objective of this course.

Throughout the semester, we will intentionally incorporate AI into selected learning activities, discussions, and assignments. In addition to learning how to use AI, we will examine when it should be used, when it should not, and the ethical and managerial

responsibilities that accompany its use. As future managers, developing sound judgment in the use of AI is just as important as learning the technology itself.

In this course, AI is intended to enhance your thinking, not replace it. You may use AI to brainstorm ideas, strengthen your analysis, improve your communication, and support your learning. However, you remain fully responsible for the accuracy, originality, quality, and integrity of all work you submit. AI should never substitute for your own critical thinking, analysis, professional judgment, or decision-making.

Because the role of AI will vary across assignments, specific guidance regarding its permitted or prohibited use will be provided for each activity. Students are expected to follow those instructions carefully.

To promote academic integrity, written assignments submitted through Brightspace may be reviewed using Turnitin. Students are expected to submit original work and appropriately acknowledge the ideas and work of others. Assignments with a Turnitin similarity score exceeding 60% may be reviewed for potential academic misconduct. If, after review, the similarity is determined to result from plagiarism, unauthorized use of AI, or other violations of Purdue University's Academic Integrity policy, the assignment will receive a grade of zero and may be referred to the Office of Student Rights and Responsibilities (OSRR).

Nondiscrimination Statement

Purdue University is committed to maintaining a community that recognizes and values the inherent worth and dignity of every person; fosters tolerance, sensitivity, understanding, and mutual respect among its members; and encourages each individual to strive to reach his or her potential. A hyperlink to Purdue's full Nondiscrimination Policy Statement is included in the Academic Resources table on your Brightspace homepage.

Accessibility

Every member of our course should be able to access, use, and learn from the materials we share. This includes all course related digital content that you and I share in the course. This approach helps promote equal access for everyone at Purdue and is mandated federally by [Title II of the Americans with Disabilities Act \(ADA\)](#). We will work together to provide this access within our Brightspace course.

- My part, as the instructor, is to make sure all course materials shared to Brightspace, such as documents, slides, videos and audio, and images, meet

accessibility guidelines and to assist you in making sure anything you share is accessible. If we can do anything further to support your access to and engagement with course materials, please notify me.

- Your role, as a student, is to make sure anything you post for other students to engage with is also accessible, such as peer grading, peer feedback, and discussion board posts. This expectation is built into all course assignments that require you to post to Brightspace.
- A good starting place for students and instructors is to bookmark and review the [Innovative Learning Accessibility Checklist](#) for guidance on creating accessible materials. We need to work together to make sure all materials on our course Brightspace are accessible.
- If you select materials to share on our Brightspace from Purdue Libraries catalog or databases, best practices include choosing items that:
 - Can be downloaded in full
 - Are available in EPUB or HTML formats
 - Include alternative text for written materials or captions for audio/visual content

Accommodations

Purdue University strives to make learning experiences accessible to all participants. If you anticipate or experience physical or academic barriers based on disability, you are encouraged to contact the Disability Resource Center at: drc@purdue.edu or by phone: 765-494-1247, as soon as possible.

If the Disability Resource Center (DRC) has determined reasonable accommodations that you would like to utilize in my class, you must release your Course Accommodation Letter to me. Instructions on sharing your Course Accommodation Letter can be found by visiting: [How To Use Your Course Accommodation Letter](#). Additionally, you are strongly encouraged to contact me as soon as possible to discuss implementation of your accommodation.

Mental Health/Wellness Statement

If you find yourself beginning to feel some stress, anxiety and/or feeling slightly overwhelmed, try [Therapy Assistance Online \(TAO\)](#), a web and app-based mental health resource available courtesy of Purdue Counseling and Psychological Services (CAPS). TAO is available to all students at any time by creating an account on the [TAO Connect](#) website, or downloading the app from the App Store or Google Play. It offers free, confidential well-being resources through a self-guided program informed by psychotherapy research and strategies that may aid in overcoming anxiety, depression and other concerns. It provides accessible and effective resources including short videos,

brief exercises, and self-reflection tools.

If you need support and information about options and resources, please contact or see the [Office of the Dean of Students](#). Call 765-494-1747. Hours of operation are M-F, 8 a.m.-5 p.m.

If you find yourself struggling to find a healthy balance between academics, social life, stress, etc., sign up for free one-on-one virtual or in-person sessions in West Lafayette with a [Purdue Wellness Coach at RecWell](#). Student coaches can help you navigate through barriers and challenges toward your goals throughout the semester. Sign up is free and can be done on BoilerConnect. Students in Indianapolis will find support services curated on the [Vice Provost for Student Life](#) website.

If you're struggling and need mental health services: Purdue University is committed to advancing the mental health and well-being of its students. If you or someone you know is feeling overwhelmed, depressed, and/or in need of mental health support, services are available. For help, such individuals should contact [Counseling and Psychological Services \(CAPS\)](#) at 765-494-6995 during and after hours, on weekends and holidays, or by going to the CAPS offices in [West Lafayette](#) or [Indianapolis](#).

Emergency Preparedness

In the event of a major campus emergency, course requirements, deadlines and grading percentages are subject to changes that may be necessitated by a revised semester calendar or other circumstances beyond the instructor's control. Relevant changes to this course will be posted onto the course website or can be obtained by contacting the instructors or TAs via email or phone. You are expected to read your @purdue.edu email on a frequent basis.

See [Purdue's Information on Emergency Preparation and Planning](#). This website covers topics such as Severe Weather Guidance, Emergency Plans, and a place to sign up for the Emergency Warning Notification System. I encourage you to download and review the [Emergency Procedures Guide](#).

The first day of class, please make note of items like:

- The location to where we will proceed after evacuating the building if we hear a fire alarm.
- The location of our Shelter in Place in the event of a tornado warning.
- The location of our Shelter in Place in the event of an active threat such as a shooting.

Student-Related Policies

The Vice President for Ethics & Compliance website includes a list of [Student Policies](#). Among those is the [Violent Behavior](#) policy, which explains that Purdue is committed to providing a safe and secure campus environment for members of the university community. Purdue strives to create an educational environment for students and a work environment for employees that promote educational and career goals. Violent behavior impedes such goals. Therefore, violent behavior is prohibited in or on any University facility or while participating in any university activity.

Grade Appeals Process

At the end of the course, after final course grades have been assigned, students who believe their grade was assigned contrary to what is outlined in the course syllabus, has been assigned arbitrarily, or has been reduced too severely due to a violation of course academic integrity policies, may submit an appeal request to have this final course grade reviewed. The University's Grade Appeal Process is outlined in the University Catalog and is also referenced on the website for the [Office of Student Rights and Responsibilities \(OSRR\)](#).

Staff in the OSRR office are able to assist in determining if a Grade Appeal is appropriate. Generally, students should not expect a grade appeal to be successful if there is a lack of information to support the appeal or if the student merely thinks that the assigned grade is "unfair". Students must also attempt to resolve the matter informally with the course instructor prior to beginning the appeal process.

Basic Needs Program

If you are facing challenges securing basic needs such as food, housing, transportation, health services, or access to technology or childcare resources and believe this may affect your performance in the course, please contact the Office of the Dean of Students (ODOS) to help coordinate with community resources. These services vary by location. In West Lafayette, see the [Basic Needs Program](#) website, or email basicneeds@purdue.edu. To connect with a Student Support Generalist on the Indianapolis campus, contact them by phone at 765-495-7797 or email studentlifeindy@purdue.edu.

Course Evaluation

Toward the end of this semester, you will be provided with an opportunity to give feedback on this course and your instructor. Purdue uses an online course evaluation system, and I will not have access to this anonymous feedback until after final grades are submitted. You will receive an official email from evaluation administrators with a link to the online evaluation site and will receive a prompt to complete the survey when you login to Brightspace. The subject line will be: Please take 2-5 minutes to complete the survey. Check your "Junk E-mail" folder occasionally to be sure the evaluation emails were not accidentally routed there. Your participation is an integral part of this course, and your feedback is vital to improving education at Purdue University. I strongly urge you to participate in the evaluation system.

This syllabus is subject to change. You will be notified of any changes as far in advance as possible via an announcement on Brightspace. Monitor your Purdue email daily for updates.
